Deb/Suzanne – Did we get the okay to send out questions on the Uinta Basin emission inventory to various operators? (from conversation with Sarah Dunham and then on “weekly call”?)

Hi Cindy – I agree with your proposal about asking Deb to tee this up with Sarah Dunham and possibly on her daily/weekly calls. I made a few minor edits in 'red' below. Please let us know what Deb says to the proposal.

I propose we have Deb bring this up with Sarah Dunham on the same call with the WY general conformity conversation and perhaps on this daily or weekly call too if Sarah deems appropriate.

Here are talking points she could refer to addressing the typical questions HF POC would need to address for ultimate approval:
